Cultural Resource Training Directory

January-December 1997

Compiled by:

Leslie J. Smith
Technical Preservation Services
Heritage Preservation Services Program
Cultural Resource Stewardship and Partnerships
U.S. Department of the Interior
Washington, DC

INTRODUCTION

Heritage Preservation Services is pleased to present the seventh directory of training opportunities in cultural resource management, sometimes referred to as the short-term directory. Short-term refers to the six-week maximum length of the courses listed.

This directory identifies workshops, courses, seminars, and other short classes in cultural resource management topics sponsored in the United States and abroad for calendar year 1997. Information for the directory was obtained from a survey mailed to CRM readers and nearly 1,000 representatives from Federal, State and local governmental agencies, universities, organizations, and educational institutions.

THIS YEAR'S DIRECTORY

The directory has two sections. The first and largest section, **COURSE LISTINGS**, provides descriptions of each course and is organized by categories of related disciplines.

Some courses provide information about a wide range of topics. For example, a course might include planning issues, legal requirements, the history of a community or neighborhood, preservation treatments, and the curation of archeological artifacts. **Rather than list that course in 5-7 different sections of this directory, it is listed ONCE in Common Ground, Courses of Interest to More Than One Specialty (page 5).**

More specialized courses are listed under one or two categories. **If a course contains information about several subcategories within one discipline, then it will be listed under the umbrella category heading.** For example, if a course includes information about lead paint abatement, historic architecture, interior design, and architectural treatments, the course would be found under Historic Building Related Specialties. **Within each category the listings are arranged by date.**

LISTING FORMAT

Course Title
Date and location course offered, if known
Cost
Course Description
Intended Audience/Participants
Co-sponsors, if any
Person to Contact, Course Sponsor, Address, Telephone Number, Fax Number, E-mail Address, Internet Address

TBA (To Be Announced) has been used when exact information regarding date, location, cost, or course description, was not available. Generally the course sponsor has developed a course for a specific audience, and these courses may or may not be available to others who are interested but outside of targeted organizations. The Intended Audience information indicates whether non-agency personnel may attend.

The succinct course descriptions characterize the key elements of a course. Class size varies and some of the "hands-on" courses may allow only a very limited number of students due to the necessity for individual instruction. A few courses can accept several hundred participants. **Write or call for complete course descriptions or to determine class size and availability.**

Unless otherwise stated, the cost listed is for the course fee or tuition costs only. **IT IS THE RESPONSIBILITY OF THE PARTICIPANT TO PAY FOR THE TRAVEL TO AND FROM THE COURSE, AND FOR ANY LODGING AND MEALS.**

When that information was supplied, 'CEU' or 'college credit available' was noted on the cost line. Continuing Education Units (CEUs) are recognized units that document completion of a qualified continuing education program, and may be used for job advancement or as evidence of increased professional capabilities. When you call or write to inquire about the availability of a course and to verify cost, you can ask if such credits are offered and if special fees exist.

The second section, *LOCATION INDEX*, enables the reader to find course information in a specific geographic location. The entry provides the subject, course title, and date.

Listing in this directory does not imply endorsement of the content, the instructor or the course sponsor by the National Park Service, U.S. Department of the Interior. While every effort has been made to provide accurate information, scheduled training may change at any time, and early contact with the sponsor is advised. If you are aware of additional training sources, please contact Dahlia Hernandez at Heritage Preservation Services (2255), National Park Service, P.O. Box 37127, Washington, DC 20013-7127 with entries for the next directory or for further information.

The *CRM* is regularly sent to Federal Preservation Officers, State Historic Preservation Offices, National Park Service parks and regional offices, national and regional preservation organizations, preservation programs at colleges and universities, certified local governments, tribal leaders and cultural centers.

ACKNOWLEDGMENTS

This directory is an effort of the Technical Preservation Services Branch, Heritage Preservation Services Program, Cultural Resource Stewardship and Partnerships, P.O. Box 37127, Washington, DC 20013-7127.

Special thanks go to all the survey respondents for their participation and to the following National Park Service staff—Dahlia Hernandez, Charles Fisher, Ron Greenberg, and Brooks Prueher—for their help in this endeavor.

For More Information About Cultural Resources Courses

DEGREE PROGRAMS

The Directory of Cultural Resource Education Programs at Colleges, Universities, Craft and Trade Schools in the United States (1994-95), developed as a joint project of the National Park Service and the National Council for Preservation Education, provides information about training programs or education programs that last from 6 months to several years. With information about 112 programs—faculty, tuition, curriculum, degree/certificates offered, length of program and whom to contact for further information—the directory is intended for students at the high school or college undergraduate level and their counselors and advisors. Readers are referred to 27 supplemental guides or directories for information regarding additional programs.

The directory is available from the Government Printing Office (stock number 024-005-01146-3); and costs \$9 per copy (price includes shipping and handling). Government Bookstores are located in Atlanta, GA; Birmingham, AL; Boston, MA; Chicago, IL; Cleveland, OH; Columbus, OH; Dallas, TX; Denver, CO; Detroit, MI; Houston, TX; Jacksonville, FL; Kansas City, MO; Laurel, MD; Los Angeles, CA; Milwaukee, WI; New York, NY; Philadelphia, PA; Pittsburgh, PA; Portland, OR; Pueblo, CO; San Francisco, CA; Seattle, WA; and Washington, DC. Credit card orders may be placed by telephone to 202-512-1800; by fax to 202-512-2250; or by mail to:

**Superintendent of Documents
PO Box 371954
Pittsburgh, PA 15250-7954.**

In addition, a text version is available by internet at <http://www.cr.nps.gov/pad/edutoc.html>.

INTERNATIONAL TRAINING OPPORTUNITIES

Information on courses offered by the International Center for the Study of Preservation and Restoration of Cultural Property (ICCROM), Rome, Italy (commonly referred to as the Rome Center), may be obtained from:

**Publications Assistant
Advisory Council on Historic Preservation
1100 Pennsylvania Ave. NW, Suite 809
Washington, D.C. 20004
telephone: 202-606-8503**

Internet address: <http://www.icomos.org/iccrom/#training>.

For information on other international training opportunities consult the published "Short Courses Abroad in Historic Preservation" prepared by the United States Committee of the International Council on Monuments and Sites (US/ICOMOS). Copies may be requested from:

**US/ICOMOS
401 F Street, NW
Washington, D.C. 20001
telephone: 202-842-1866**

Internet address http://www.icomos.org/usicomos/short_courses.html.

TRAINING IDEAS FOR ARCHITECTS

Those interested in developing training for architects can find examples of successful training programs in a monograph series entitled Architectural Education Initiative. One monograph, Outstanding Education in Practice, reports on award-winning training programs. Contact:

**Education Services Department
American Institute of Architects
1735 New York Ave. NW.
Washington, D.C. 20006
telephone: 202-626-7358.**

A listing of Professional Interest Area conferences and events can be viewed at the following internet address: <http://www.aia.org/pia/cal-eve.htm>.

ADDITIONAL WAYS TO FIND TRAINING

Check with local academic institutions for class offerings. Colleges that offer degree programs in cultural resource areas will often allow individuals to take a class without enrollment in a degree program.

In addition, the people and organizations listed as contacts in this directory are a useful starting point in tracking down more information about training in the subject area that they are offering. Even if the date for a course may have past, those that provide training are often familiar with the availability of future training. They may themselves have scheduled additional courses that did not meet the deadline for this directory.

Check the "Bulletin Board" section of future issues of CRM for information on recent notices of training offerings and conferences with training sessions.

If you are electronically "connected," there are several world wide web sites that you can 'visit' for further information on cultural resources training programs. Among them are:

- ♦ The National Park Service's cultural resources home page at <http://www.cr.nps.gov/> where you can select "Help Yourself" under which there is a selection for "Training."
- ♦ The home page for the National Center for Preservation Technology and Training of the National Park Service at <http://www.cr.nps.gov/ncptt> where you can select the Center's gopher can be directly accessed by <gopher://gopher.ncptt.nps.gov/>
- ♦ Cornell University's PreserveNet home page at <http://www.preservenet.cornell.edu/> where you can find information about "Fellowships, Scholarships and Conferences," "Colleges, Universities and Trade Schools," and "Summer Programs."
- ♦ The National Trust for Historic Preservation's home page at <http://www.nthp.org/> where you can select the "Resource Directory" leading to a listing of "Training Opportunities."
- ♦ The International Centre for the Study of the Preservation and the Restoration of Cultural Property (ICCROM) home page at <http://www.icomos.org/iccrom/> where you will find course under "Training and Education."
- ♦ The Getty Art History Information Program home page at <http://www.gii.getty.edu> where you can select "Other Cultural InformationResources" to access "Internet Resources for Heritage Conservation, Historic Preservation and Archaeology." This is a great site for further information on Art History and electronic media.
- ♦ Stanford University's "Conservation OnLine" (COOL) home page at <http://palimpsest.stanford.edu/> where, under "Conservation Topics," you can select "Educational Opportunities in Museum, Library, and Archive Conservation/Preservation."

Keep in mind that many of these evolving information services are more comprehensive than others. Many will point you to other sources of valuable information on training opportunities.

This publication is not copyrighted and can be reproduced without penalty. Credit to the author and the National Park Service is appreciated.

COMMON GROUND: COURSES OF INTEREST TO MORE THAN ONE SPECIALTY (COURSES LISTED BY DATE)

FINANCIAL MANAGEMENT IN CULTURAL ORGANIZATIONS

Date & location: January 20-29, Victoria, British Columbia, Canada

Cost: \$589 (Canadian dollars)

Using a business planning framework, this course stresses financial planning, forecasting, and reporting in all aspects of management. Topics include: the nature and values of museums and other cultural organizations; accountability; financial management cycles; budgeting and resource allocation; forecasting revenues and expenditures; internal controls, evaluation and audit; management of revenue centers; legal and ethical issues.

Intended audience: Museum and heritage professionals.

MANAGING ARCHAEOLOGICAL RESOURCES

See Anthropology Related Specialties; Archaeology

WINDOW CONFERENCE AND EXPOSITION FOR HISTORIC BUILDINGS II

Date & location: February 19-21, Washington, DC

Cost: \$295

Over 60 authorities will present state-of-the-art technical information on appropriate restoration and replacement of windows in historic buildings. Experts will demonstrate and discuss wood, steel, aluminum, and bronze windows in residential, commercial and industrial settings. The Exposition will feature fifty leading manufacturing and repair companies to present options for the windows in your historic buildings. Early registrants will have the opportunity to sign-up for field inspections of Washington, DC, plus in-depth workshops on curtain wall construction, stained glass and heritage building care.

Intended audience: Architects, building owners & managers, conservators, contractors, developers, engineers, manufacturers & suppliers, and preservation officials.

Co-sponsors: US General Services Administration, National Conference of State Historic Preservation Officers, National Alliance of Historic Preservation Commissions, Historic Preservation Education Foundation, English Heritage, Parks Canada, AIA, and more.

Contact: Ms. Brooks Prueher, Preservation Planner

NINETEENTH CENTURY ARCHITECTURE, DECORATIVE ARTS STUDIES IN NEWPORT, RI

Date & location: May 30-June 8, Newport, RI
See Historic Building Related Specialties; Architectural Conservation

SILENT PHOTOS/TALKING HEADS: ISSUES OF CULTURE TO CULTURE COMMUNICATION

Date & location: Tentatively set for June 27-28, Santa Fe, NM
See Interpretation

CHARLESTON PRESERVATION FIELD SCHOOL

Date & location: Late June (2 weeks, exact dates TBA), Columbia, SC
See Historic Building Related Specialties; Historic Preservation

NINETEENTH-CENTURY ARCHITECTURE & DECORATIVE ARTS IN LONDON, ENGLAND

Date & location: July 5-24, London, England
See Historic Building Related Specialties; Architectural Conservation

EVALUATING & MANAGING LANDSCAPES ALONG LINEAR CORRIDORS

Date & location: July 21-26, Lander, WY
See Landscape Preservation

AFRICAN AMERICAN MUSEUMS ASSOCIATION ANNUAL CONFERENCE

Date & location: August 21-24, Baltimore, MD
Cost: \$300
Annual meeting for purposes of networking and training.
Intended audience: General
Contact: Ms. Juanita Moore, President
African American Museums Association
P.O. Box 548
Wilberforce, OH 45384
Telephone: (513) 376-4611; *Fax:* (513) 376-2007

CULTURAL RESOURCE MANAGEMENT FIELD SCHOOL FOR NATIONAL PARKS

Date & location: September 8-12, Grasslands National Park (Southern Saskatchewan), Canada
Cost: \$500
Participants will work with cultural resource management professionals in a field setting dealing with real CRM issues. They will acquire tools, information and a better understanding of cultural resources to assist them in managing cultural resources in National Parks under direction of CRM policy.
Intended audience: Park field staff and other interested individuals.
Contact: Professional & Technical Service Center-Parks Canada
45 Forks Market Rd.
Winnipeg, Manitoba, Canada R5C 4T6
Telephone: (204) 983-0037

STATEWIDE HISTORIC PRESERVATION CONFERENCE

Date & location: September 11-14, Bowling Green, KY
Cost: Approximately \$80
The conference will include speakers and workshops covering a range of preservation topics.
Intended audience: General
Contact: Mr. David Morgan

Kentucky Heritage Council
300 Washington St.
Frankfort, KY 40601
Telephone: (502) 564-7005; *Fax:* (502) 564-5820
E-mail: Dmorgan2@mail.state.ky.us

PEOPLE & PLACE: THE HUMAN EXPERIENCE IN GREATER YELLOWSTONE

Date & location: September 28-30, Mammoth Springs, WY
Cost: \$75
This fourth Biennial Scientific Conference on the Greater Yellowstone Ecosystem is being held in conjunction with the 125th anniversary of the founding of Yellowstone National Park. Held at the Mammoth Hot Springs Hotel, the conference will focus on the human experience in the greater Yellowstone, with particular emphasis on the changing relationships between culture and nature and the challenge of preserving and interpreting the region's cultural heritage.
Intended audience: Participants interested in cultural and natural resource management, as well as the history and philosophy of the national park idea.

Co-sponsors: Montana State University and Grand Teton National Park
Contact: Ms. Laura Joss
Chief, Branch of Cultural Resources
Yellowstone National Park
P.O. Box 168
Yellowstone National Park, WY 82190
Telephone: (307) 344-2154; *Fax:* (307) 344-2323
E-mail: laura_joss@nps.gov

ACROSS THE GREAT DIVIDE: GETTING THERE FROM HERE

Date & location: October 1-4, Denver, CO
Cost: TBA
This annual meeting features workshops and sessions on a variety of exciting topics including preservation, cultural tourism, Native American History, NAGPRA and more.
Intended audience: Anyone in the public history field
Co-sponsors: Colorado-Wyoming Association of Museums
Contact: Ms. Susan Goodsell
American Association for State & Local History
530 Church St., Suite 600
Nashville, TN 37219
Telephone: (615) 255-2971; *Fax:* (615) 255-2979
E-mail: aaslh@nashville.net

APT97: LESS IS MORE

Date & location: September 25-28, Chicago, IL
Cost: TBA
This conference focuses on the concept of doing more with less: realizing maximum results with limited resources; achieving long-term preservation with minimum intervention; and working more effectively with less flexible regulations in preserving the built environment.
Intended audience: Preservation professionals
Contact: Prof. William Rose, Program Chair
Building Research Council
1 East St. Mary's Rd.
Champaign, IL 61820
Telephone: (217) 333-4698; *Fax:* (217) 244-2204

CULTURAL RESOURCES COMPLIANCE TRAINING

Date & location: TBA

Cost: None

Course addresses the roles of different parties in assisting the Federal Energy Regulatory Commission in complying with Section 106 of the National Historic Preservation Act and related laws. Topics include: cultural resources reporting guidelines, agency procedures for 106 review, natural gas pipeline construction and efficient strategies for planning and conducting cultural resources investigations.

Intended audience: Cultural resources contractors, regulated members of the natural gas industry, state, federal and tribal historic preservation officers, other interested individuals.

INTRODUCTION TO CULTURAL HERITAGE

Date & location: TBA, New South Wales, Australia

Cost: \$50 (Australian dollars)

This course provides participants with an introduction to the legislation, concepts and issues relevant to the management of Aboriginal and historic heritage in Australia. It is tailored to general issues, with specialist courses to follow.

Intended audience: Park management staff who need to be conversant with the general issues concerning cultural heritage management.

TECHNOLOGY ANALYSIS OF FLAKED STONE TOOLS

Date & location: January 6-10, March 17-21, and August 11-16, Pullman, WA

Cost: \$895 (meal and lodging included)

Taught by Dr. J. Jeffrey Flenniken, the course focuses on the analysis of flaked stone tool debitage and the identification of reduction technologies from archaeological contexts. Session topics include instruction in basic terminology and use, geological identification of lithic raw materials, heat treatment of silicates, stage analyses of debitage and formed artifacts, Replicative Systems Analysis of entire reduction technologies (from quarry, through use-life, to archaeological record), and flintknapping (by instructor only) employed as an analytical and experimental research tool.

Intended audience: Students, professional archaeologists.

INTRODUCTION TO STONE TOOL TECHNOLOGIES

Date & location: February 3-7, Portland, OR

Cost: \$500

The workshop emphasizes hands-on production and analysis of stone tools and debitage. Participants will become familiar with several tool techniques and will be able to recognize and identify the manufacturing by-products of each. Each participant produces a study collection. Topics include recognition of technological indicators, interpretation and evaluation of archaeological sites, and interpretation of past human behavior

Intended audience: Anthropology students, archaeologists, cultural resource managers.

PREPARING ARCHAEOLOGICAL NOMINATION FORMS, HISTORIC CONTEXTS, & THEME STUDIES

Date & location: March 31-April 2, Nashville, TN
Cost: \$500 (tuition assistance will be given to 30 participants, pending funding)

Participants will become familiar with the preparation of National Register and National Historic Landmark site and district nominations, historic contexts, multiple property designation forms, and theme studies. The course will utilize significant examples and data from National Register and national Historic Landmark nominations and multiple property submissions, e.g., the Earliest Americans National Historic Landmark Theme Study. This project, currently underway by the National Park Service, is devoted to creating innovative new techniques for presenting and interpreting rare, significant, and threatened archaeological cultural resources associated with the Nation's Native American minority population.

Intended audience: Professional and avocational archaeologists.

Co-sponsors: NPS Archaeology & Ethnography Program; NPS National Register Program; Society for American Archaeology; Society for Historical Archaeology.

INTEGRATING FIELD ARCHAEOLOGY, CONSERVATION, & CULTURALLY APPROPRIATE TREATMENTS

Date & location: Late April or May, Santa Fe, NM
Cost: None (lodging costs covered through anticipated funding)

The workshop has two primary purposes: 1) provide intensive training and opportunities for discussion on various concepts of culturally appropriate treatments as they pertain to artifact and site/feature preservation, and; 2) provide training on archaeological field conservation techniques.

Intended audience: Professionals in archaeology, historic preservation and cultural resource management; field projects staff and administrators. Special emphasis will be placed on targeting individuals in tribal preservation offices.

Co-sponsors: Museum of New Mexico, Office of Archaeological Studies; Jemez Pueblo; University of Pennsylvania Graduate School of Historic Preservation; Pecos Pueblo National Historic Site; Dean & Associates Conservation Services.

ARCHAEOLOGY FOR MANAGERS

Date & location: May 19-23, location TBA
Cost: \$750

Training will familiarize participants with archaeology and archaeological resources so problems can be identified early and effective solutions can be selected. The legal requirements, policies, guidelines, and regulations concerning archaeological preservation will be covered. Appropriate management approaches for resource management, development, and operations will be considered. Site visits included.

Intended audience: Federal, state and local program managers with little or no background in archaeology who deal with these resources as part of their job.

Co-sponsor: National Park Service

CROW CANYON ARCHAEOLOGICAL CENTER-ADULT RESEARCH PROGRAM-EXCAVATION

Date & location: May 25-September 21, Cortez, CO
Cost: \$775 (lodging, meals & on-site transportation included)

Crow Canyon provides individuals with the opportunity to become part of a long-term archaeological research project. Participants will learn about ancestral Puebloan (Anasazi) lifestyles and excavate in the field alongside professional archeologists in the vast archaeological region surrounding Mesa Verde National Park, CO. Please note: transportation is provided once individuals reach the Cortez campus, transportation to and from Cortez is not included in the fee.

Intended audience: Individuals with vocational or avocational interest in archaeology and southwest U.S. prehistory.

LITHIC ANALYSIS

Date & location: June 2-6, Reno, NV
Cost: \$750

This course will provide a thorough introduction to current directions in the analysis of chipped-stone artifacts. Topics will include mechanics, reduction sequences, experiments, debitage and tool analysis, use-wear and residue studies, quantitative methods, technological organi-

zation, and current debates in lithic studies.

Intended audience: Archaeologists

Contact: Ms. Leanne Stone

LOW ALTITUDE LARGE SCALE RECONNAISSANCE FOR CULTURAL RESOURCE MANAGEMENT

Date & location: May 13-22; August (exact dates TBA), Farmington, NM

Cost: None

The workshop will cover the use of aerial photographic methods and interpretation methods available for the identification, evaluation, and preservation of cultural resources through the use of the Low Altitude Large Scale Reconnaissance platform. The LALSAR platform provides a unique method of aerial photo acquisition for resource documentation and interpretation. This technique uses remote controlled model aircraft with a 35mm camera for large scale photographs (1:100 to 1:1,000) and regular film. The workshop provides instruction in the construction of the platform, flight training, camera and film characteristics, and photo interpretation.

Intended audience: Professionals in cultural resource management, natural resources, and law enforcement.

SATELLITE IMAGERY TECHNOLOGY APPLICATIONS TO CULTURAL RESOURCE MANAGEMENT

Date & location: exact dates TBA, Fort Laramie National Historic Site, Goshen County, WY

Cost: \$350

The workshop will provide instruction in the use of satellite imagery and other forms of imagery data, such as video, digital camera, laser technology, and multispectral video for the identification, evaluation, and preservation of cultural resources. Topics to be presented include image processing, data layer registration, change direction, photogrammetry, map updating, and image data collection.

Intended audience: Professionals in cultural resource management, natural resources, and law enforcement.

Co-sponsors: Archaeology & Ethnology Program, National Center, National Park Service; Remote Sensing Applications Center, USDA Forest Service

INFORMATION TECHNOLOGY IN ARCHAEOLOGY & HERITAGE RESOURCES MANAGEMENT

Date & location: July 7-11, Fayetteville, AR

Cost: \$1450

Designed for both those with little computing background and those who wish to improve their existing skills, this course will provide professional archaeologists and heritage resources managers with practical skills in current computing applications. Topics include: designing and managing databases for properties, inventories and objects, linking existing data with GIS, making intelligent choices in IT hardware and software, and improving recording.

Intended audience: Archaeologists, heritage resource managers.

Co-sponsor: Center for Advanced Spatial Technologies

GEOGRAPHIC INFORMATION SYSTEMS & GLOBAL POSITIONING SYSTEMS IN ARCHAEOLOGY & HERITAGE RESOURCES MANAGEMENT

Date & location: July 14-18, Fayetteville, AR

Cost: \$1450

Participants will be introduced to state-of-the-art GIS and GPS equipment and software in the laboratories of the Center for Advanced Spatial Technologies. Participants will learn how to access the existing spatial data from public and private sources; have hands-on training in using Trimble GeoExplores and ProX/L receivers in the field; use digital field loggers and design a data dictionary; learn to load data derived from their field exercises in both raster and vector GIS systems; and integrate their own data with existing data and perform basic analysis and map production.

Intended audience: Heritage resource management and research archaeology professionals.

Co-sponsor: Center for Advanced Spatial Technologies

DESCRIPTIVE STANDARDS INSTITUTE

Date & location: March 24-28, Dallas, TX

Cost: \$623 members; \$854 non-members

This five-day institute is composed of three courses designed to address the fundamental aspects of archival descriptive standards. The institute is a product of the SAA/National Historical Publications and Records Commission grant-funded curriculum development project begun in July 1995. The courses are: Archival Cataloging as a Component of Description, Application of the USMARC Format, and Access Points.

Intended audience: Participants with basic knowledge about the elements of archival description.

Co-sponsor: Amigos Bibliographic Council

Contact: Ms. Joan Sander

The Society of American Archivists

600 S. Federal, Suite 504

Chicago, IL 60605

Telephone: (312) 922-0140; Fax: (312) 347-1452

ACCESS POINTS

Date & location: April 17-18, Albany, NY

Cost: \$269 members; \$342 non-members

Workshop content includes the formation of searchable access points, including headings for persons, geographic names, corporate bodies, and headings for subject analysis, form and genre.

Intended audience: Individuals with a basic understanding of the organizational structure of personal papers and archival records.

Co-sponsor: New York State Archives

Contact: Ms. Joan Sander

OLD HOUSE ASSESSMENT

Date & location: July (2 day course, exact dates TBA), Warren, VT

Cost: \$250

Students will be introduced to basic strategies used in analyzing the condition of historic housing materials and understanding the overall condition of a structure. Topics covered include identifying environment related problems, structural decay, incompatible materials, paint failure, and wood destroying pests. Students will be introduced to the role of this identification in planning for restoration, renovation, and implementing a cyclical maintenance plan.

Intended audience: Home owners, renovators, rehabilitators, contractors.

Contact: Mr. Alan Holt, AIA, Executive Director
Yestermorrow Design/Build School
RR 1 Box 97-5
Warren, VT 05674
Telephone: (802) 496-5545; *Fax:* (802) 496-5540
E-mail: ymschool@aol.com

STONE CONSERVATION COURSE

Date & location: July or August (exact dates TBA), Canandaigua, NY
Cost: \$300 per week

This 5-day course overview course will cover conservation of natural and man-made stone including stucco, terra cotta, cast concrete, stone walls, slate, and marble with on-site instruction in cleaning, maintenance and repair. Participants will gain hands-on experience working with conservation problems a 52 acre historic estate.

Intended audience: Historic properties managers, preservation professionals, architects, masons, engineers.

Contact: Ms. Pamela Pollock
Sonnenberg Gardens
151 Charlotte St.
Canandaigua, NY 14424
Telephone: (716) 394-4922; *Fax:* (716) 394-2192

ADVANCED INSPECTION METHODS & TREATMENTS FOR HISTORIC WOODEN STRUCTURES

Date & location: July or August (3 day course, exact dates TBA), Calumet, MI

Cost: \$200, some travel stipends will be available

Lectures and hands-on workshops will be used to teach non-destructive evaluation techniques for wood products. This will include assessing connection performance of structural components and systems; moisture management and condition assessment of engineered wood products and structures; identification of various kinds of biodeterioration; effects of various chemical and adjacent non-wood construction materials; performance of paints; and proposed treatments.

Intended audience: Architects, landscape architects, inspectors, maintenance workers in the NPS, USFS, state and local agencies and private practice.

Co-sponsors: USDA Forest Products Laboratory; National Center for Preservation Technology & Training

Contact: Mr. Joseph D. Balachowski, Historical Architect
Keweenaw National Historical Park
Box 471
Calumet, MI 49913-0471
Telephone: (906) 337-4590; *Fax:* (906) 337-3169

FIELD SCHOOL IN HISTORIC PRESERVATION AT STRAWBERY BANKE MUSEUM

Date & location: June 9-20 and June 23-27, Portsmouth, NH

Cost: \$550, college credit available; housing & optional third week available at extra cost

This two-week preservation training workshop and lecture covers such topics as: historic building surveying techniques, removal, repair and reinstallation of interior detailing, wallpaper and paint analysis, masonry, architectural woodworking and 18th century timber framing. Participants will be introduced to tools and techniques used to analyze and interpret antique building systems and architectural details. Hands-on training will take place in the museum buildings dating from c. 1695 to mid-20th century. Site visits to some of the area's most representative examples of 17th, 18th and early 19th century houses also are included. Optional third week for applied skills training in hands-on restoration. Enrollment limited to 10.

Intended audience: Preservation students, architects, contractors, historians, preservation professionals and interested laypersons.

Contact: Ms. Anne M. Masury, Director of Field Schools
Strawbery Banke Museum

EVALUATING & MANAGING LANDSCAPES ALONG LINEAR CORRIDORS

Date & location: July 21-26, Lander, WY

Cost: None

Training will focus on the identification, evaluation and management of cultural landscapes along linear corridors (e.g., historic scenic trails, parkways, railroads, highways, rivers, canals, irrigation ditches, etc). Special emphasis will be placed on inventory techniques that allow for a systematic assessment of current resource conditions. One result may be National Register listings and determinations of eligibility for significant linear resources. Additionally, it will foster efficient preservation and management of these important and extensive cultural resources whose boundaries are difficult to define. The course follows and builds on an April 1997 conference for the long-distance trail community with the theme "Preserving the Resources Which Make Our Trails Special."

Intended audience: Professionals in local, state, and federal government, and private sector who work in the field of landscape ecology, landscape architecture, history, historic preservation, preservation planning, cultural geography, and trail, park and facility managers.

Co-sponsors: Bureau of Land Management, Long Distance Trails Office-NPS Trails & Greenways Division-NPS, National Trust for Historic Preservation Wyoming State Historic Preservation Office.

HERITAGE AREA PLANNING & IMPLEMENTATION WORKSHOPS

Date & location: March or April (exact dates TBA), Washington, DC

Cost: None, travel assistance may be available

This three-day workshop and accompanying handbook will focus on the nature and traits of successful heritage partnerships and heritage areas, with the goal of helping participants learn how to create and implement effective plans for developing new heritage areas. The goal is to help participants learn from the successes, and avoid repeating the mistakes of this relatively new approach to conserving and interpreting non-federally owned resources.

Intended audience: Private citizens and representatives of local non-profit organizations active in promoting the development of new heritage areas; state agency staff from states w/heritage area recognition and assistance programs; managers/senior staff currently employed in the development or execution of heritage area management plans; NPS staff working w/park planning or technical assistance programs.

← Section 106 Review Process

INTRODUCTION TO FEDERAL PROJECTS & HISTORIC PRESERVATION LAW

Date & location: January 22-24, Washington, DC; February 11-13, Albuquerque, NM; February 25-27, Austin, TX; March 11-13, Reno, NV; April 7-9, Nashville, TN; April 15-17, Burlington, VT; May 6-8, Minneapolis/St. Paul, MN; May 20-22, Bozeman, MT; June 24-26, Washington, DC; July 15-17, Seattle, WA

Cost: \$445

Designed by the Advisory Council on Historic Preservation, this 3-day introductory course will help participants understand how the National Historic Preservation Act (NHPA) protects historic properties, anticipate historic preservation responsibilities, and incorporate them into the planning process. This course will teach the basic steps of the Section 106 review process, what the process requires, and ways to accommodate historic preservation requirements within agency missions.

Intended audience: Federal, State, local or tribal officials, government contractors, and applicants for Federal assistance.

Contact: Ms. Judy Rodenstein

Advisory Council on Historic Preservation

1100 Pennsylvania Ave, NW, Room 809

Washington, DC 20004

ADVANCED SEMINAR ON PREPARING AGREEMENT

DOCUMENTS UNDER SECTION 106 OF THE NATIONAL HISTORIC PRESERVATION ACT

Date & location: February 19-21, Washington, DC; March 25-27, Albuquerque, NM; May 13-15, Nashville, TN; July 22-24, Reno, NV

Cost: \$390

This advanced seminar for cultural resource/historic preservation professionals focuses on how to draft and organize the major documents used to conclude project review under Section 106 of the National Historic Preservation Act and its implementing regulations, 36 CFR Part 800.

Intended audience: Participants must have successfully completed Introduction to Federal Projects and Historic Preservation Law, or have extensive experience working with Section 106 and its implementing regulations.
